

# No Good [A]

[Default Arrangement]

## VERSE 1

**A**  
This death, this vile iniquity  
**A** **D**  
Had proved to be alive in me at birth  
**A**  
I wasn't capable to understand  
**A** **D**  
To see just what sin was and what it did  
**F#m**  
Even good deeds that I thought I'd done  
**E** **D**  
Would serve the passions of misguided love  
**A**  
But by revelation realized  
**A** **D**  
Jesus made the scales fall from my eyes

## PRECHORUS

**D** **A**  
While there was no good, no good that resided in me  
**A**  
What joy it was to know  
**D** **A**  
Your grace could reconcile my darkest deed  
**E**  
And unbelief

## CHORUS

**D** **A**  
We've been ransomed and rescued and justified  
**F#m** **E**  
In the soul cleansing work of the lamb  
**D** **A**  
The mystery so foreign to human minds  
**F#m** **E** **A**  
That a wretch is granted righteousness

## VERSE 2

**A**  
No remedy I had to bring  
**A** **D**  
My merits can't appease the law's demands  
**A**  
My comfort, my security  
**A** **D**  
Is knowing Christ has sealed my innocence  
**F#m**  
So glory, glory to the King  
**E** **D**  
Who blotted out the record of my debt  
**A**  
Now from justified til glorified  
**A** **D**  
My soul submits unto his sovereign will
